One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co., and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Are You Expecting a New Piano for Easter?

Then the most interesting place in the city at the present time is Baker's.

Interesting, first, because here is by far the largest assemblage of pianos to be found in Marion. The largest number of different makes of pianos, the most diverse variety as to models and prices.

There is not a piano of questionable quality in the entire assemblage, and every grade, at whatever price you wish to pay, is represented by the best piano on the market at that figure. We have tested them by the most drastic criticism of capable musical experts, and in every case the purchaser has realized that he got the most and the best for the money paid.

that could possibly be gotten. If a piano is wanted, here are some of the great variety we offer:

Sterling Pianos, Haddorf Pianos, Packard Pianos, Schaeffer Pianos, Schiller Pianos, Mendelssohn Pianos, Hazelton Bros. Pianos, Hardman Pianos, Clinton Pianos, Skoninger Pianos, Bachman Pianos, Clarendon Pianos, Price & Teeple Pianos, Poole Pianos, Huntington Pianos, Vegue Changeable Pitch, Playola Player Pianos, Sterling Player Pianos.

It is this comprehensive variety—this vast gathering of the great representative instruments—that makes it of the highest importance that you should be fully informed about the Baker stocks before making this lifetime investment, and remember that nowhere else is the buying of a piano so safe and easy as at Baker's. And we are especially considerate of the convenience of purchasers at all times. The terms will be made to suit you.

Ample space and service for comfortable selection in our large parlors.
